

Citrus College

Heating and Air Conditioning

- Certificate of Achievement verifies the proficiency needed for entry level employment

Heating and Air Conditioning Certificate of Achievement

Required Courses:

- Air Conditioning I
- Air Conditioning II
- Heating-Electrical and Gas
- Electricity for Heating and Air Conditioning

Plus two of the following:

- Control Systems
- Trouble Shooting
- Interpersonal Communications

There will always be a need for heating and air conditioning technicians. Women are especially urged to take advantage of the job opportunities available in this industry.

Because of the increasing sophistication of heating, air-conditioning and refrigeration systems, employers prefer to hire those with technical training from an accredited college. Therefore, completing the Citrus College Heating and Air Conditioning Program will give you an edge in the workplace. You will learn about electricity, refrigeration, control systems and troubleshooting.

Regardless of economic conditions, people and businesses depend on their climate-control systems and refrigerators. With the help of the Heating and

Air Conditioning Program, you can be hired to make sure their equipment is kept in good working order. Our instructors will provide you with the fundamentals of refrigeration theory and practice. You will learn how to service refrigeration equipment and accessories, including compressors, condensers, evaporators and receivers. You will also acquire techniques to locate, identify and correct the problems that occur in domestic and commercial heating, air conditioning and refrigeration systems.

- Evening Classes
- Financial aid is available to qualified students. Complete and submit FAFSA to determine your eligibility.

College Admission

Admission to Citrus College is open to high school graduates and any person 18 years of age or over.

To enroll, submit an application for admission online at:
<https://wingspan.citruscollege.edu>

New students enrolled in five or more units and planning to earn an associate degree, a certificate of achievement, or a skill award must take an English and math skills assessment. In addition, new students who plan to enroll in English, mathematics or reading classes must participate in the skills assessment process.

Concurrent Enrollment for High School Students

Some programs and classes are available to current junior and senior high school students. Interested students should contact their high school counselor or the college's Admissions and Records Office.

Associate Degree

For an associate degree, a student must complete 60 degree applicable units of work and fulfill specific general education requirements, including electives and physical education. A cumulative grade-point average of 2.0 ("C") or above is required.

For detailed information, refer to the college catalog or consult a counselor.
