

Do you have a smartphone?

Why not use it for safety purposes and turn your smartphone in to a personal safety device by downloading Citrus College Campus Safety's mobile app, **Citrus Guardian**?

1. Search for **Rave Guardian** on the Apple App Store (for iPhones) or Google Play Store (for Android phones). Download the free Rave Guardian app and when prompted, enter your Citrus College e-mail address. Upon confirmation as a Citrus College student or employee, the Rave Guardian app will become **Citrus Guardian**.

2. Once installed, **Citrus Guardian** can be used to protect yourself and others by using the following features of the app:

Confidential Tip Submission to prevent dangerous situations. With two-way discreet and confidential tips, User-initiated texting increases engagement and reports of suspicious behavior, unsafe situations, crimes and other hazards.

Call Directory for easy-to-find assistance. Enable users to easily find assistance and resources through a call directory of important numbers that you can update and add to in real time.

Geo-Targeted Push Notifications to increase alert precision. Geo-targeted push notifications allow you to target certain locations with specific alerts, even when users don't have cell signals.

Emergency Call Button to Call Department of Campus Safety. Help is on the way. With a push of a button, users can either directly connect to 9-1-1 or security in an emergency. When they dial 9-1-1 from the personal safety app, your security team is notified through the incident management console.

Our Commitment to Your Safety

As part of an ongoing proactive safety plan, the **Citrus Guardian** app adds an additional layer of safety and is provided as part of Citrus Community College District's commitment to the safety and security of our campus. Department of Campus Safety looks forward to its continued partnership with the Citrus College community, while providing a safe and secure learning environment.
