FUNDING SOURCES

In the event that the entirety of your travel cannot be funded by Professional Learning, please specify how you will fund the remainder of your request. Please list specific funding sources that will be utilized.

TRAVEL ARRANGEMENTS/REIMBURSEMENT

1. If driving, the employee certifies they have liability insurance on their vehicle and will assume and provide proof of financial responsibility within ten (10) days if they are involved in an accident while on official District business, resulting in damage over \$1,000 (reference section 16000 of the California Vehicle Code). The employee understands that the California Insurance Code states that the liability coverage on the vehicle is primary, and any other insurance coverage, such as the District's insurance, is secondary or excess. The employee understands the District does not insure their automobile for comprehensive and collision, and the employee will be responsible for any deductibles
2. If approved for an allotment from Professional Learning (not to exceed a total of \$850 per employee, per academic year), it is the employee's responsibility to make their own travel arrangements for the conference/workshop travel, unless working with their department's staff to complete arrangements.
3. Within two weeks of the end of the conference, please scan and submit the conference/workshop agenda and all receipts pertaining to the travel costs to ProfessionalLearning@citruscollege.edu. A completed Travel Expense Voucher form will then be sent to the employee electronically for their review and signature.
4. The DEIA+ office will forward the completed, signed Travel Expense Voucher to Fiscal Services for final processing.
5. Professional Learning can only reimburse up to the maximum amount of the approved allotment. Any additional balances must be paid by alternative funding outside of Professional Learning.

Signature: _____ Date: _____

Please email the completed form to ProfessionalLearning@citruscollege.edu.

The DEIA+ Office will ensure the remaining signatures are received, and the form is routed appropriately.
